

BOOKLET MAKER - CUCE A3 DIGIT

Booklet maker for semi-professional use.

Can punch and fold up to **25 sheets** (70gsm).

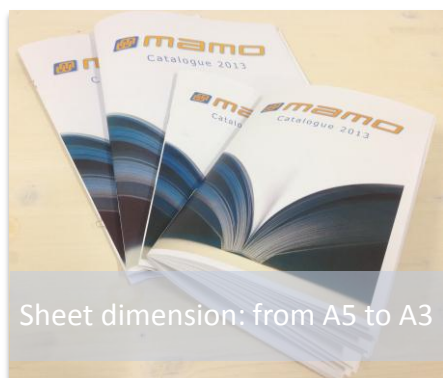

It can process sizes **from A5 up to A3+** either with standard staples or with loop staples. The machine can use 26/6 or 26/8 staples (both **straight or loop**). The size of the paper is easily and fast adjusted through the knob placed between the stapling mechanism.

Even **edge stapling** is allowed thanks to the flexible adjustment of the 2 stitching heads in 4 different positions. 2 additional stitching heads can be installed also.

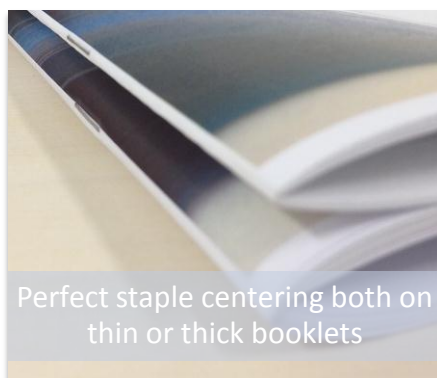

Regardless the thickness of the of the booklet the **perfect centering of the staple** is always guaranteed thanks to an easily adjustable mechanism always granting a perfect result.

OPTIONAL
STAND

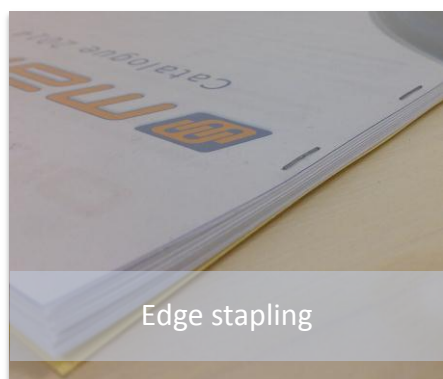

Sheet dimension: from A5 to A3

DISCLAIMER - As part of continued product improvement, these technical specifications are subject to change without notice. Specification quoted were measured on uncoated and unprinted stock

The machine is operated through a **user friendly digital control panel** and a **copy counter** let you easily complete the task without waste of time and counting errors.

You can either work in “**manual mode**” or “**auto mode**”.

On “manual” mode the stitching must be activated manually after feeding by pushing the “start” button. On “auto” mode the operation will start automatically after feeding as the sensor gets the input from the fed sheets. Operation speeds and productivity are increased.

CUCE A3 DIGIT with its sturdy structure and easy to use control panel will be your reliable partner for fast and cost effective binding needs as **presentations, catalogues, menu, and many others...**
