ONE HANDY XXL IS THE IDEAL BINDER IN ANY DIGITAL ENVIRONMENT !

FASTBIND ONE HANDY

Fastbind ONE: the ONLY binding machine you need

Fastbind **ONE Handy XXL** is the perfect choice for digital environments, combining flexibility, efficiency, and ease of use. This compact binder quickly produces both hard and soft cover books, tear-off pads, and strip bindings. It handles all formats from miniature A6 up to 457× 457 mm (including SRA3+ portrait and landscape) and thicknesses up to 50 mm, without the need for adjustments between jobs.

Compatible with all major hotmelt glues

Unlike other binders, Fastbind **ONE** machines work with the widest range of adhesives: EVA, PO, metallocene, and PUR. With advanced temperature control, **ONE Handy XXL** delivers reliable performance with any glue type.

Built for any workspace

Designed for copy shops, print rooms, and professional studios, **ONE Handy XXL** is quiet, clean, odorless, and energy efficient. Its ergonomic design ensures safe and comfortable use in any environment.

High productivity with consistent quality

Made in Finland with durable engineering, Fastbind **ONE Handy XXL** is built to last decades, whether you produce a single book or a thousand per day. Its innovative clamp, nipping mechanism, and PGO Gen 5 roughener guarantee precise alignment and a perfectly square, strong spine every time.

Simple and fast to use

Ready to operate in under 15 minutes, **ONE Handy XXL** requires minimal maintenance. Its intuitive design allows anyone to learn in minutes, without costly training or specialist operators required. The patented Sesame System© makes setup effortless: lift the arm, place the book, lower, and lock the clamp with the Sesame knob.

Modular design for future upgrades

ONE Handy XXL adapts to your evolving needs. Optional tools can be added anytime, including:

- Hard cover toolkit (nipping bar + hard cover guide)
- PGO Gen 5 roughener for the spine preparation
- Easy clean kit for quicker PUR glue tank cleaning and reduced hands-on time
